DEPUTY SECRETARY 22 SEP 1954 95089 HEALTH DEPARTMENT

I submit herewith a copy of para 14(b) of the Audit Report on the General Fund Account of the Municipal Council, Udipi, for 1952-53 relating to non-invitation of tenders for brake-inspection repairs of the Municipal Conservancy Lorry MDX 346 and request that the Government may be pleased to condone the irregularity for the following reasons.

The Council maintains one lorry which is used for conveying rubbish and nightsoil to the Trenching ground. When the lorry is sent for repair before renewing its certificate of fitness, much difficulty is felt in keeping the town clean and this work is partially dislocated so much so, that the repairs have to be got done urgently and without much loss of time. The nature of work connected with brake-inspection repairs is such, that it is not convenient and quite feasible to invite tenders in view of the elaborate procedure involved in the invitation and disposal of tenders and the consequent delay caused, which is unavoidable. Further there is only one well furnished automobile workshop at this place, which undertakes such work.

In the circumstances explained above, I submit that the Government may be pleased to ratify the irregularity committed in dispensing with tenders for the work of brake inspection repairs of the Municipal Conservancy Lorry MDX 346 done at a cost of Rs.(588-1-0). Further, the Government while recording the Audit Report on the General Fund Accounts of the Municipal Council, Udipi, for 1952-53, have been pleased to state that "the sanction of Government is necessary for dispensing with tenders. The Commissioner may address the Government for ratification of the irregularity through the Examiner of Local Fund Accounts in due course."

Hence I request that Government may be pleased to condone the irregularity.
